

## COMMUNITY RESEARCH ASSISTANTSHIP

# Project Proposal Guidelines

## SCOPE OF WORK

### **Purpose**

Please state briefly the purpose of the project(s) the Community Research Assistant (CRA) would be working on.

### **Project components**

Please list and briefly describe the key components of the project(s) and any research questions, if relevant.

### **Deliverables**

Please list the desired deliverables for the CRA to have completed by the end of the academic year.

### **Additional partners or organizational support**

If relevant, please list any outside consultants who will be working with the CRA or organizational supports that will be available to them (in addition to the site supervisor).

## JOB DESCRIPTION

To ensure the DIP is able to find the right graduate student for your organization and proposed project please list the primary responsibilities, necessary knowledge/skills, and qualifications for this role and work.

### **Primary Responsibilities and Functions**

### **Necessary Knowledge, Skills, and Abilities**

### **Preferred (or minimum) Qualifications and/or Experience**
